

DOES YOUR VEHICLE LOOK LIKE THIS?

TOW BAR MOUNTED BIKE RACKS

A reminder that NZ traffic regulations state that the rear lights, registration plate and registration plate light must not be obstructed. Additionally, the drivers rear view should not be obstructed by carried loads.

Rear light bars with registration plate holders are available from most car accessory shops and bike rack suppliers, such as Thule, to ensure compliance and safety, especially whilst travelling in darkness.

Supplementary registration plates may be ordered through LicencSys Ltd at

<http://www.licensys.com>

Cost is currently (July 2011) \$17.08 delivered by standard post, or \$26.28 via courier
